

My name is Paul Wyatt, I am running for the Show Low School Board District #10. I have been on the Board for 12 years and am proud of the accomplishments we have made over the past 12 years. We currently live in tough economic times. Over the past five years, the State of Arizona has cut our education budget 2.5 million dollars and we are in as good of shape financially as any other school district on the mountain. We continue to offer quality extra curricular activities focus on the improvement of the school facility and improve the educational experience of all of our students. We currently offer the Show Low Academy which has attracted students from all over the White Mountains, which has improved the quality of education here in our district. Over the course of a year, we have attracted over 100 new students. We have excellent teachers and Administrator who constantly focus on career development and advancement. As a district, we strive for continued success in promoting extra curricular activities such as continuous visits to Hermosillo Mexico, the Grand Canyon, Washington D.C. and Cheer competitions in California. All of theses involvements are funded by the individual clubs or students and we receive no financial support from the schools or district. As a board member, I feel like I have done a good job in managing tax payer's funds and in placing student interest first. I would appreciate your vote on December 4<sup>th</sup> so we can continue in this work.
